TM-548
TRUCK-MOUNTED MESSAGE SIGN

Ver-Mac's TM-548 is a full-matrix truck-mounted message sign that is powered from the truck's battery. The TM-548 offers full graphic capability including several one touch arrow and directional display and sequencing functions. It can display 3 lines of text and 9 characters per line. The TM-548 features the innovative V-Touch controller that plugs into the cigarette lighter and a manual up/down bracket. The TM-548 is ideal for highway construction and maintenance crews, highway stripping trucks, highway emergency and helper trucks.

The intuitive point-n-go icons ensure quick and easy commands to raise or lower the sign* and display or edit messages

ADDITIONAL FUNCTIONALITIES
Scheduling, sign diagnostics, pin-protected security, and much more

An optional wireless version of the controller is available

*For optional power tilt support.

MOUNTING OPTIONS

POWER TILT WITH AUTO UP/DOWN FEATURE

The Auto Up/Down feature ensures that the sign is in the display position when in use and in the travel position when unit is off preventing damage and reducing wind drag.

- Display a message and sign automatically raises to display position
- Select off and sign automatically lowers to travel position
- Actuator's integrated limit switch prevents motor gear wear and tear
- Automatically detects the upright position—clear indicator on the display showing if the sign is in the up or down position
- Bed floor mounting can be added (optional)

Bed floor

VMS-A15*
* Can be added to either manual or power told mounts
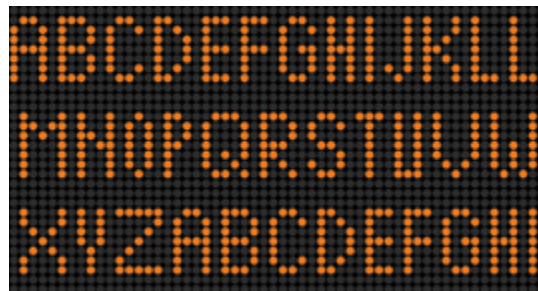

WIRELESS V-TOUCH CONTROLLER (OPTIONAL)

The wireless V-Touch controller options makes installation quick and easy. Simply connect the controller in the cigarette plug and you are ready to go!
