

VER-MAC

TM-3048 TRUCK-MOUNTED MESSAGE SIGN

Ver-Mac's TM-3048 is a full-matrix truck-mounted message sign with 30 x 48 pixels and can display 3 lines of text and 8 characters per line. The TM-3048 is powered from the truck's battery and offers full graphic capability including several one touch arrow, directional display and sequencing functions. The TM-3048 features the innovative V-Touch controller that plugs into the cigarette lighter and a manual up/down bracket. The TM-3048 is ideal for highway construction and maintenance crews, highway stripping trucks, highway emergency and helper trucks.

Optional power tilt and bed floor supports

V-TOUCH CONTROLLER

NTCIP COMPLIANT

EASY-TO-READ

ADDITIONAL FUNCTIONALITIES

Scheduling, sign diagnostics, pin-protected security, and much more

An optional wireless version of the controller is available

*For optional power tilt support.

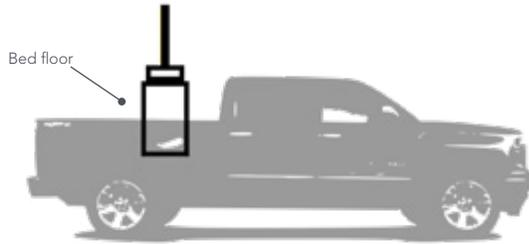

MOUNTING OPTIONS

POWER TILT WITH AUTO UP/DOWN FEATURE

The Auto Up/Down feature ensures that the sign is in the display position when in use and in the travel position when unit is off preventing damage and reducing wind drag.

- Display a message and sign automatically raises to display position
- Select off and sign automatically lowers to travel position
- Actuator's integrated limit switch prevents motor gear wear and tear
- Automatically detects the upright position—clear indicator on the display showing if the sign is in the up or down position
- Bed floor mounting can be added (optional)

VMS-A15 - Can be added to either manual or power told mounts

WIRELESS V-TOUCH CONTROLLER (OPTIONAL)

The wireless V-Touch controller option makes installation quick and easy. Simply connect the controller in the cigarette plug and you are ready to go!
